Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

2. Claims 1-20 are rejected under 35 U.S.C. 102(e) as being anticipated by Teirstein (U.S. 5,499,995).

Teirstein discloses the claimed invention as shown in figures 1-6, a device includes a frame (40) formed a generally cylindrical shape and exerts outwardly directed pressure against the lumen wall (22) to hold the device in a desired position within the body lumen; a lumen blocking portion (36), wherein the lumen blocking portion (36) being configured to form a continuous barrier that fully block the flow of blood in at least one direction through the lumen (14) of blood vessel and furthermore, wherein the lumen blocking portion (36) being penetrable in site by advancement of a penetrating member (20) through the lumen blocking portion (36) while the device is implanted within the body lumen.

Response to Arguments

1. Applicant's arguments filed 10/30/2006 have been fully considered but they are not persuasive. Applicant's arguments with respect to claim 1-20 have been considered but are moot in view of the new ground(s) of rejection.

Conclusion

2. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
